SUPPLEMENT TO
REPORT NO.

25X1A

1. Attached is a photostated copy of an undated tabulation listing the deliveries of metallurgical products which SAG plants were to receive from the USSR under the plans for 1952. (1) It is sent to you for retention.

- (1) Comment. According to this tabulation, the SAG Amo receives the greater share of metallurgical imports from the USSR. Since the reorganization on 1 May 1952, the SAG Amo now consists of the plant for the production of equipment (Geraetebau) in Schoenebeck/Elbe; the Mackensen machinery plant in Magdeburg; the Georgi Dimitroff, formerly Otto Gruson, plant for heavy machinery in Magdeburg; the Ernst Thaelmann, formerly Krupp Gruson, plant for heavy machinery in Magdeburg; the Berlin brake plant, formerly Knorr brake plant, in Berlin; the Polysias machine plant in Dessau; the Karl Marx, formerly Schaeffer und Budenberg, plant for measuring instruments and fittings in Magdeburg; and the Karl Liebknecht, formerly Buckau-Wolf, plant for heavy machinery in Magdeburg.
